Mr.Yunsu Jang was employed at P3 Korea Ltd. as a RA Intern from March 17, 2025, to July 31, 2025.

P3 Korea Ltd. is a subsidiary of the global P3 Group, specializing in consulting and technology services for the automotive industry. Based in Seoul, we support major OEMs and suppliers in South Korea across a wide range of topics, including engine and vehicle development, alternative powertrains, infotainment systems, and digital transformation. Our strength lies in combining deep technical know-how with strong organizational expertise, enabled by a highly integrated global network.

Yunsu consistently stood out for his proactive, hands-on attitude. He took initiative without needing direction, and was quick to identify areas where he could add value beyond his formal responsibilities. His ability to combine structured thinking with a collaborative spirit made him a valuable asset to our team.

What set him apart was not just his technical proficiency, but his optimism, independence, and ability to work with both focus and flexibility. He brought a sense of clarity and calm to complex situations and always remained composed and results-oriented, even under pressure.

Yunsu was also a team player in the truest sense — approachable, respectful, and empathetic toward others. He offered support generously, communicated with sincerity, and built trust with colleagues, managers, and clients alike.

This reference has been prepared upon Mr.Yunsu's request, and we are pleased to do so. We sincerely thank him for his strong contribution to P3 Korea and wish his continued success in his professional journey.
